Adolfo Carrión, Jr. - HUD Regional Administrator for New York and New Jersey

Mr. Carrión is responsible for overseeing nearly \$6 billion in HUD programs and activities serving the region, as well as working with mayors, city managers, elected representatives, state and local officials, congressional delegations, stakeholders and customers to ensure that the Department's policies and programs are creating more economically, competitive, environmentally sustainable and socially inclusive communities. This Opening Session will offer an opportunity for the grassroots industry members to interact with HUD and to begin working with HUD to encourage and promote this affordable housing option and to find solutions for the many issues facing the manufactured housing industry in 2010.

Keynote Speaker

Jeff Blatnick

Jeff Blatnick, 1984 Olympic Gold Medallist in Greco Roman wrestling and cancer survivor, has been giving powerful presentations for more than 20 years. Jeff, a New York State High School Champion and NCAA Division II National Champion, qualified for his first Olympic Team in 1980, which was boycotted by the US. In 1982, Jeff was diagnosed with Hodgkin's Lymphoma, prompting the removal of his spleen and appendix. After radiation therapy helped to hold the cancer in remission, Jeff won the Gold Medal in the 1984 Olympic Games in Los Angeles, CA. New York's Capital Region has attracted visitors for 400 years with historic sites, fabulous attractions, entertaining events and festivals, world-class museums, unique shopping, stunning architecture, delicious restaurants and welcoming accommodations. Here are a few attractions and events that you will want to see and do while you are in Albany in October.

Albany Heritage Visitor's Center - Located in historic Quackenbush Square, one can view a magnificent orientation film in the planetarium and wonderful exhibits tracing the history of New York State's Capital City.

The **New York State Capitol Building** took 32 years to build at a cost of 25 million dollars. It was the most expensive building built in the United States in the 19th century. Capitol tours are free and take you throughout this historic building, passing through the War Room, the Flag Room, the Million Dollar Staircase and the Senate and Assembly Chambers. Tours begin on the lower level of **The Empire State Plaza** at the I Love New York Visitor's Center.

The Empire State Plaza was a vision of Governor Nelson Rockefeller. The Plaza was built not only to serve as government offices, but as a center of arts, culture and community activity.

The New York State Museum (the largest state museum in the county) and the **Empire State Performing Arts Center** (known as The Egg for its unusual and distinctive design) are both located in The Plaza. The Plaza connects the Capitol Building, the Legislative Office Building, the Justice Building, The Egg, Corning Tower (with its free Observation Deck) and other office buildings to the State Museum and State Library above ground with its reflecting pools and sculptures and underground with its atrium filled with shops, banks, restaurants and art displays. All state museums and buildings are free to the public. ID required for security.

Other attractions nearby are the **Albany Aqua Ducks Tours**, **USS Slater Museum** (a World War II US Naval Destroyer Escort), **Albany Institute of History & Art**, the **Watervliet Arsenal Museum**, Lark Street Shopping District, River Front Park on the Hudson River, the University at Albany's College of Nanoscale Science and Engineering, Rensselaer Polytechnic Institute in Troy, Wolf Road Shopping District, Colonie Center Mall, Crossgates Mall and Stuyvesant Plaza.
